FISH AND WILDLIFE TRUST SOLICITS PROJECTS FOR FUNDING

The Montana Fish and Wildlife Conservation Trust is pleased to announce that they will be accepting proposals for project funding for 2007. The Trust will make available up to \$863,000 for projects that restore and conserve fisheries, wildlife and riparian habitat, enhance public hunting, fishing and recreational opportunities and improve public access to public lands.

For this funding cycle the Trust will be accepting proposals between January 29 and April 6, 2007. Money will be awarded for statewide projects with a minimum of 50% to be provided to projects within the hydrologic drainage of the Missouri River between Holter Lake dam and the confluence of the Missouri River.

Project funding is primarily for the purchase of land or land values, however, it may include infrastructure if the work is done in conjunction with the associated purchase of land or land values.

The Trust will begin accepting proposals January 29, 2007. All applications must be postmarked no later than April 6, 2007. Applications may be requested by contacting the Trust at:
